How to apply?

Complete the sponsorship request form by following the link below, ensuring you include all of the required details.

We will acknowledge your request as soon as possible and should we deem that it meets the minimum criteria for sponsorship, we will contact you as soon as possible.

When will my application be reviewed?

The timeframe for the application process will be dependent on the date that the application is submitted to Allingtons.

To assist Allingtons in reviewing your application, we recommend working out what your organisation would like to apply for, how the sponsorship will be used, and what projects and branding opportunities are available, as early as possible. Once the application has been submitted, it may take up to four weeks for your organisation to receive an approval or rejection of the application. Once you have received confirmation that the application is approved, we will be in contact with your organisation to proceed with the processing of the agreed sponsorship type and amount.

The fine print:

Allingtons adhere to a strict sponsorship budget. Your application will be reviewed in line with our Quarterly sponsorship allowance. Our sponsorship quarters are as follows:

- January to March
- April to June
- July to September
- October to December

As our program works on a first come first considered basis, the earlier you submit your request, the greater chance you have for your application being successful.

We will advise via our sponsorship portal on our webstore when applications have been exhausted for each quarter. If you are unsuccessful in your application, you are welcome to re-apply in the next quarter. Whilst all efforts will be made to support all applicants, we regret that not all applications will have a positive result.
